People

A. Florence Nightingale
B. Mary Seacole
C. Prince Albert
D. Isambard Kingdom Brunel

4. What did Prince Albert do?

People

A. He helped soldiers with food and care
B. He built bridges, ships, and railways
C. He wrote stories about poor people in cities
D. He helped plan the Great Exhibition

5. Who made hospitals cleaner?

People

A. Florence Nightingale
B. Mary Seacole
C. Isambard Kingdom Brunel
D. Charles Dickens

6. What did Florence Nightingale do?

People

A. She built bridges, ships, and railways
B. She made hospitals cleaner
C. She wrote stories about poor people in cities
D. She studied animals and plants

7. Who helped soldiers with food and care?

People

A. Isambard Kingdom Brunel
B. Charles Dickens
C. Mary Seacole
D. Charles Darwin

8. What did Mary Seacole do?

People

A. She wrote stories about poor people in cities
B. She studied animals and plants
C. She invented the telephone
D. She helped soldiers with food and care

9. Where was Mary Seacole from?

People

A. Jamaica
B. Scotland
C. France
D. Wales

10. Who built bridges, ships, and railways?

People

A. Charles Dickens
B. Isambard Kingdom Brunel
C. Charles Darwin
D. Alexander Graham Bell

11. What did Isambard Kingdom Brunel do?

People

A. He studied animals and plants
B. He invented the telephone
C. He built bridges, ships, and railways
D. He linked electricity, magnetism, and light

12. Who wrote stories about poor people in cities?

People

A. Charles Darwin
B. Alexander Graham Bell
C. James Clerk Maxwell
D. Charles Dickens

13. What did Charles Dickens do?

People

A. He wrote stories about poor people in cities
B. He invented the telephone
C. He linked electricity, magnetism, and light
D. He made surgery safer by keeping wounds clean

14. Who studied animals and plants?

People

A. Alexander Graham Bell
B. Charles Darwin
C. James Clerk Maxwell
D. Joseph Lister

15. What did Charles Darwin do?

People

A. He linked electricity, magnetism, and light
B. He made surgery safer by keeping wounds clean
C. He studied animals and plants
D. He travelled in Africa

16. Who invented the telephone?

People

A. James Clerk Maxwell
B. Joseph Lister
C. David Livingstone
D. Alexander Graham Bell

17. What did Alexander Graham Bell do?

People

A. He invented the telephone
B. He made surgery safer by keeping wounds clean
C. He travelled in Africa
D. He helped children in Africa

18. Where was Alexander Graham Bell from?

Scotland

A. France
B. Scotland
C. Jamaica
D. Wales

19. Who linked electricity, magnetism, and light?

People

A. Joseph Lister
B. David Livingstone
C. James Clerk Maxwell
D. Mary Slessor

20. What did James Clerk Maxwell do?

People

A. He travelled in Africa
B. He helped children in Africa
C. He wrote Treasure Island
D. He linked electricity, magnetism, and light

21. Where was James Clerk Maxwell from?

Scotland

A. Scotland
B. France
C. Jamaica
D. Wales

22. Who made surgery safer by keeping wounds clean?

People

A. David Livingstone
B. Joseph Lister
C. Mary Slessor
D. Robert Louis Stevenson

23. What did Joseph Lister do?

People

A. He helped children in Africa
B. He wrote Treasure Island
C. He made surgery safer by keeping wounds clean
D. He made the Peter Rabbit books

24. Who travelled in Africa?

People

A. Mary Slessor
B. Robert Louis Stevenson
C. Beatrix Potter
D. David Livingstone

25. What did David Livingstone do?

People

A. He travelled in Africa
B. He wrote Treasure Island
C. He made the Peter Rabbit books
D. He helped start the Labour Party

26. Where was David Livingstone from?

Scotland

A. France
B. Scotland
C. Jamaica
D. Wales

27. Who helped children in Africa?

People

A. Robert Louis Stevenson
B. Beatrix Potter
C. Mary Slessor
D. Keir Hardie

28. What did Mary Slessor do?

People

A. She made the Peter Rabbit books
B. She helped start the Labour Party
C. She built the Rocket locomotive
D. She helped children in Africa

29. Where was Mary Slessor from?

Scotland

A. Scotland
B. France
C. Jamaica
D. Wales

30. Who wrote Treasure Island?

People

A. Beatrix Potter
B. Robert Louis Stevenson
C. Keir Hardie
D. George Stephenson

31. What did Robert Louis Stevenson do?

People

A. He helped start the Labour Party
B. He built the Rocket locomotive
C. He wrote Treasure Island
D. He started the Penny Post

32. Where was Robert Louis Stevenson from?

Scotland

A. France
B. Jamaica
C. Wales
D. Scotland

33. Who made the Peter Rabbit books?

People

A. Beatrix Potter
B. Keir Hardie
C. George Stephenson
D. Rowland Hill

34. What did Beatrix Potter do?

People

A. She built the Rocket locomotive
B. She made the Peter Rabbit books
C. She started the Penny Post
D. She built London's new sewers

35. Who helped start the Labour Party?

People

A. George Stephenson
B. Rowland Hill
C. Keir Hardie
D. Joseph Bazalgette

36. What did Keir Hardie do?

People

A. He started the Penny Post
B. He built London's new sewers
C. He qualified as a doctor in Britain
D. He helped start the Labour Party

37. Where was Keir Hardie from?

Scotland

A. Scotland
B. France
C. Jamaica
D. Wales

38. Who built the Rocket locomotive?

People

A. Rowland Hill
B. George Stephenson
C. Joseph Bazalgette
D. Elizabeth Garrett Anderson

39. What did George Stephenson do?

People

A. He built London's new sewers
B. He qualified as a doctor in Britain
C. He built the Rocket locomotive
D. He thought about early computers

40. Who started the Penny Post?

People

A. Joseph Bazalgette
B. Elizabeth Garrett Anderson
C. Ada Lovelace
D. Rowland Hill

41. What did Rowland Hill do?

People

A. He started the Penny Post
B. He qualified as a doctor in Britain
C. He thought about early computers
D. He designed wallpaper and books

42. Who built London's new sewers?

People

A. Elizabeth Garrett Anderson
B. Joseph Bazalgette
C. Ada Lovelace
D. William Morris

43. What did Joseph Bazalgette do?

People

A. He thought about early computers
B. He designed wallpaper and books
C. He built London's new sewers
D. He wrote Alice's Adventures in Wonderland

44. Who was the first British woman to qualify as a doctor?

People

A. Ada Lovelace
B. William Morris
C. Lewis Carroll
D. Elizabeth Garrett Anderson

45. What did Elizabeth Garrett Anderson do?

People

A. She was the first British woman to qualify as a doctor
B. She designed wallpaper and books
C. She wrote Alice's Adventures in Wonderland
D. She wrote Jane Eyre

46. Who thought about early computers?

People

A. William Morris
B. Ada Lovelace
C. Lewis Carroll
D. Charlotte Bronte

47. What did Ada Lovelace do?

People

A. She wrote Alice's Adventures in Wonderland
B. She wrote Jane Eyre
C. She thought about early computers
D. She wrote Wuthering Heights

48. Who designed wallpaper and books?

People

A. Lewis Carroll
B. Charlotte Bronte
C. Emily Bronte
D. William Morris

49. What did William Morris do?

People

A. He designed wallpaper and books
B. He wrote Jane Eyre
C. He wrote Wuthering Heights
D. He was a poet Queen Victoria liked

50. Who wrote Alice's Adventures in Wonderland?

People

A. Charlotte Bronte
B. Lewis Carroll
C. Emily Bronte
D. Alfred Tennyson

51. What did Lewis Carroll do?

People

A. He wrote Wuthering Heights
B. He was a poet Queen Victoria liked
C. He wrote Alice's Adventures in Wonderland
D. He studied electricity and magnets

52. Who wrote Jane Eyre?

People

A. Emily Bronte
B. Alfred Tennyson
C. Michael Faraday
D. Charlotte Bronte

53. What did Charlotte Bronte do?

People

A. She wrote Jane Eyre
B. She was a poet Queen Victoria liked
C. She studied electricity and magnets
D. She worked on heat and electricity

54. Who wrote Wuthering Heights?

People

A. Alfred Tennyson
B. Emily Bronte
C. Michael Faraday
D. Lord Kelvin

55. What did Emily Bronte do?

People

A. She studied electricity and magnets
B. She worked on heat and electricity
C. She wrote Wuthering Heights
D. She wrote stories about country life

56. Who was a poet Queen Victoria liked?

People

A. Michael Faraday
B. Lord Kelvin
C. Thomas Hardy
D. Alfred Tennyson

57. What did Alfred Tennyson do?

People

A. He was a poet Queen Victoria liked
B. He worked on heat and electricity
C. He wrote stories about country life
D. He wrote the Sherlock Holmes stories

58. Who studied electricity and magnets?

People

A. Lord Kelvin
B. Michael Faraday
C. Thomas Hardy
D. Arthur Conan Doyle

59. What did Michael Faraday do?

People

A. He wrote stories about country life
B. He wrote the Sherlock Holmes stories
C. He studied electricity and magnets
D. He wrote a book about running a home

60. Who worked on heat and electricity?

People

A. Thomas Hardy
B. Arthur Conan Doyle
C. Isabella Beeton
D. Lord Kelvin

61. What did Lord Kelvin do?

People

A. He worked on heat and electricity
B. He wrote the Sherlock Holmes stories
C. He wrote a book about running a home
D. He found a better way to make steel

62. Where was Lord Kelvin from?

Scotland

A. France
B. Scotland
C. Jamaica
D. Wales

63. Who wrote stories about country life?

People

A. Arthur Conan Doyle
B. Isabella Beeton
C. Thomas Hardy
D. Henry Bessemer

64. What did Thomas Hardy do?

People

A. He wrote a book about running a home
B. He found a better way to make steel
C. He helped invent the electric light bulb
D. He wrote stories about country life

65. Who wrote the Sherlock Holmes stories?

People

A. Arthur Conan Doyle
B. Isabella Beeton
C. Henry Bessemer
D. Joseph Swan

66. What did Arthur Conan Doyle do?

People

A. He found a better way to make steel
B. He wrote the Sherlock Holmes stories
C. He helped invent the electric light bulb
D. He improved the flushing toilet

67. Where was Arthur Conan Doyle from?

Scotland

A. France
B. Jamaica
C. Scotland
D. Wales

68. Who wrote a book about running a home?

People

A. Henry Bessemer
B. Joseph Swan
C. Thomas Crapper
D. Isabella Beeton

69. What did Isabella Beeton do?

People

A. She wrote a book about running a home
B. She helped invent the electric light bulb
C. She improved the flushing toilet
D. She designed public toilets for the Great Exhibition

70. Who found a better way to make steel?

People

A. Joseph Swan
B. Henry Bessemer
C. Thomas Crapper
D. George Jennings

71. What did Henry Bessemer do?

People

A. He improved the flushing toilet
B. He designed public toilets for the Great Exhibition
C. He found a better way to make steel
D. He designed early calculating machines

72. Who helped invent the electric light bulb?

People

A. Thomas Crapper
B. George Jennings
C. Charles Babbage
D. Joseph Swan

73. What did Joseph Swan do?

People

A. He helped invent the electric light bulb
B. He designed public toilets for the Great Exhibition
C. He designed early calculating machines
D. He tried better factories and schools

74. Who improved the flushing toilet?

People

A. George Jennings
B. Thomas Crapper
C. Charles Babbage
D. Robert Owen

75. What did Thomas Crapper do?

People

A. He designed early calculating machines
B. He tried better factories and schools
C. He improved the flushing toilet
D. He worked for better homes for poor people

76. Who designed public toilets for the Great Exhibition?

People

A. Charles Babbage
B. Robert Owen
C. Octavia Hill
D. George Jennings

77. What did George Jennings do?

People

A. He designed public toilets for the Great Exhibition
B. He tried better factories and schools
C. He worked for better homes for poor people
D. He gave money to help poor people

78. Who designed early calculating machines?

People

A. Robert Owen
B. Charles Babbage
C. Octavia Hill
D. Angela Burdett-Coutts

79. What did Charles Babbage do?

People

A. He worked for better homes for poor people
B. He gave money to help poor people
C. He designed early calculating machines
D. He set up an early oil works

80. Who tried better factories and schools?

People

A. Octavia Hill
B. Angela Burdett-Coutts
C. James Young
D. Robert Owen

81. What did Robert Owen do?

People

A. He tried better factories and schools
B. He gave money to help poor people
C. He set up an early oil works
D. He wrote about science and maths

82. Where was Robert Owen from?

Scotland

A. France
B. Scotland
C. Jamaica
D. Wales

83. Who worked for better homes for poor people?

People

A. Angela Burdett-Coutts
B. James Young
C. Octavia Hill
D. Mary Somerville

84. What did Octavia Hill do?

People

A. She set up an early oil works
B. She wrote about science and maths
C. She passed laws that sent more children to school
D. She worked for better homes for poor people

85. Who gave money to help poor people?

People

A. Angela Burdett-Coutts
B. James Young
C. Mary Somerville
D. William Gladstone

86. What did Angela Burdett-Coutts do?

People

A. She wrote about science and maths
B. She gave money to help poor people
C. She passed laws that sent more children to school
D. She was prime minister when Victoria became Empress of India

87. Who set up an early oil works?

People

A. Mary Somerville
B. William Gladstone
C. James Young
D. Benjamin Disraeli

88. What did James Young do?

People

A. He passed laws that sent more children to school
B. He was prime minister when Victoria became Empress of India
C. He wrote about art
D. He set up an early oil works

89. Where was James Young from?

Scotland

A. Scotland
B. France
C. Jamaica
D. Wales

90. Who wrote about science and maths?

People

A. William Gladstone
B. Mary Somerville
C. Benjamin Disraeli
D. John Ruskin

91. What did Mary Somerville do?

People

A. She was prime minister when Victoria became Empress of India
B. She wrote about art
C. She wrote about science and maths
D. She wrote nonsense poems for children

92. Where was Mary Somerville from?

Scotland

A. France
B. Jamaica
C. Wales
D. Scotland

93. Who passed laws that sent more children to school?

People

A. William Gladstone
B. Benjamin Disraeli
C. John Ruskin
D. Edward Lear

94. What did William Gladstone do?

People

A. He wrote about art
B. He passed laws that sent more children to school
C. He wrote nonsense poems for children
D. He drew pictures for children's books

95. Who was prime minister when Victoria became Empress of India?

People

A. John Ruskin
B. Edward Lear
C. Benjamin Disraeli
D. Kate Greenaway

96. What did Benjamin Disraeli do?

People

A. He wrote nonsense poems for children
B. He drew pictures for children's books
C. He studied rocks and wrote about them
D. He was prime minister when Victoria became Empress of India

97. Who wrote about art?

People

A. John Ruskin
B. Edward Lear
C. Kate Greenaway
D. Hugh Miller

98. What did John Ruskin do?

People

A. He drew pictures for children's books
B. He wrote about art
C. He studied rocks and wrote about them
D. He helped workers and women

99. Who wrote nonsense poems for children?

People

A. Kate Greenaway
B. Hugh Miller
C. Edward Lear
D. Annie Besant

100. What did Edward Lear do?

People

A. He studied rocks and wrote about them
B. He helped workers and women
C. He built bridges and railways
D. He wrote nonsense poems for children

101. Who drew pictures for children's books?

People

A. Kate Greenaway
B. Hugh Miller
C. Annie Besant
D. Robert Stephenson

102. What did Kate Greenaway do?

People

A. She helped workers and women
B. She drew pictures for children's books
C. She built bridges and railways
D. She designed the Crystal Palace

103. Who studied rocks and wrote about them?

People

A. Annie Besant
B. Robert Stephenson
C. Hugh Miller
D. Joseph Paxton

104. What did Hugh Miller do?

People

A. He built bridges and railways
B. He designed the Crystal Palace
C. He wrote stories about ordinary people
D. He studied rocks and wrote about them

105. Where was Hugh Miller from?

Scotland

A. Scotland
B. France
C. Jamaica
D. Wales

106. Who helped workers and women?

People

A. Robert Stephenson
B. Annie Besant
C. Joseph Paxton
D. George Eliot

107. What did Annie Besant do?

People

A. She designed the Crystal Palace
B. She wrote stories about ordinary people
C. She helped workers and women
D. She was queen from 1837 to 1901

108. Who built bridges and railways?

People

A. Joseph Paxton
B. George Eliot
C. Queen Victoria
D. Robert Stephenson

109. What did Robert Stephenson do?

People

A. He built bridges and railways
B. He wrote stories about ordinary people
C. He ruled Britain from 1837 to 1901
D. He helped plan the Great Exhibition

110. Who designed the Crystal Palace?

People

A. George Eliot
B. Joseph Paxton
C. Queen Victoria
D. Prince Albert

111. What did Joseph Paxton do?

People

A. He ruled Britain from 1837 to 1901
B. He helped plan the Great Exhibition
C. He designed the Crystal Palace
D. He made hospitals cleaner

112. Who wrote stories about ordinary people?

People

A. Queen Victoria
B. Prince Albert
C. Florence Nightingale
D. George Eliot

113. What did George Eliot do?

People

A. She wrote stories about ordinary people
B. She was queen from 1837 to 1901
C. She helped plan the Great Exhibition
D. She made hospitals cleaner

114. In which year did Queen Victoria become queen?

Queen

A. 1800
B. 1837
C. 1851
D. 1901

115. In which year did Queen Victoria's reign end?

Queen

A. 1837
B. 1840
C. 1901
D. 1851

116. How many children did Queen Victoria have?

Queen

A. One
B. Two
C. Twelve
D. Nine

117. Who was Queen Victoria's husband?

Queen

A. Prince Albert
B. Charles Dickens
C. Keir Hardie
D. Brunel

118. Which Scottish castle did Queen Victoria love?

Scotland

A. The Tower of London
B. Balmoral
C. A Paris palace
D. A Cardiff castle

119. Where in Scotland is Balmoral?

Scotland

A. The middle of London
B. Wales
C. The Highlands
D. France

120. Which Scottish city built many ships?

Scotland

A. Paris
B. London only
C. Cardiff
D. Glasgow

121. What else did Glasgow build?

Scotland

A. Engines
B. Postage stamps
C. Crowns
D. Only farm carts

122. Which city had schools, publishers, and a New Town?

Scotland

A. Paris
B. Edinburgh
C. Balmoral village
D. Madrid

123. What was the name of Edinburgh's planned streets?

Scotland

A. Scotland
B. Jamaica
C. India
D. Wales

146. Who made books about Peter Rabbit?

People

A. Keir Hardie
B. Beatrix Potter
C. Brunel
D. Disraeli

147. George Eliot was the pen name of which woman?

People

A. Queen Victoria
B. Ada Lovelace
C. Mary Ann Evans
D. Mary Slessor

148. Arthur Conan Doyle was from where?

Scotland

A. France
B. Jamaica
C. Spain
D. Scotland

149. David Livingstone is remembered as which kind of Scottish worker?

Scotland

A. Explorer
B. Stamp maker
C. Queen
D. Only a lamp lighter

150. Mary Slessor worked to help which people?

People

A. Only railway owners
B. Children
C. Only kings
D. Only painters

151. Keir Hardie wanted better lives for which people?

People

A. Only princes
B. Only horses
C. Workers
D. Only flower painters

152. Elizabeth Garrett Anderson was the first British woman to qualify as a doctor. What was her job?

People

A. Queen
B. Train driver
C. Stamp printer
D. Doctor

153. Lord Kelvin was a scientist from where?

Scotland

A. Scotland
B. Jamaica
C. India
D. France

154. Mary Somerville wrote about which subjects?

People

A. Only ship menus
B. Science and maths
C. Only tartan shops
D. Only wars

155. Hugh Miller studied and wrote about what?

Scotland

A. Only postage stamps
B. Only crowns
C. Rocks
D. Only toilets

156. Who tried better factories and schools in Scotland?

Scotland

A. Thomas Crapper
B. Joseph Paxton
C. Benjamin Disraeli
D. Robert Owen
